Mini Project 2 : Cybernetic Derieve
This project is due * before class* March 1st

Description:
For this project, html and css to show a Guy Debord inspired derieve. We will start by making a brief
record of a derive through internet hyperlinks. We will use content in the form of text and images from
the websites along the derive to make our websites which will be published as a website via github. The
project will be submitted as a link to the Github repository and a link to the live website.

See: http://www.bopsecrets.org/SI/2.derive.htm

Grading:
%30 Contains 5 or more pages.
%30 Each page has text and an image about the stop.
%30 uses a css stylesheet and the style tag to make global and local style choices

- *Psychogeography of Paris,* 1957, Guy Debord
